"Set in the darkly glamorous world of 1889 Paris, Severin, a treasure hunter and wealthy hotelier, is offered a treasure that he never imagined, his true inheritance. But, he will need help from a band of experts: An engineer with a debt to pay. A historian who can't yet go home. A dancer with a sinister past. And a brother in all but blood, who might care too much. Together, they'll have to use their wits and knowledge to hunt the artifact through the dark and glittering heart of Paris. What they find might change the world, but only if they can stay alive."
