

Thursday January 24, 5:30-7:30pm

Math and Science Night is just 3 weeks away

but there is still time to sign up!

Student Showcase projects can be complex or simple, and range from experiments to posters and many other choices in between!

Your student could demonstrate a Scratch project they've created or make a model solar system. All ideas are welcome! Projects are completed by students at home.

Student Showcase is open to all Primrose Hill students.

Have questions or want to sign up?

Either write to **michelle.lefort@gmail.com** or return the bottom portion of this flyer to school via backpack express.
