STEM ROCKS

Looking for a great enrichment activity for your 3ʳᵈ-7ᵗʰ grader?

*The BHS Robotics and Science Olympiad Teams invite you to attend their upcoming **FUN & EDUCATIONAL ENRICHMENT PROGRAMS** which will take place on **Monday, December 10, 2018** (professional development day).*

Pre-engineering Sessions:	Science Sessions:
*Students can choose to either learn how to use Arduinos to build and program interactive circuits with LEDs, motors, and more OR build Robots. These **FUN & FASCINATING** classes are a great introduction to engineering. **FUN!! FUN!!***	*Students will rotate through **STATIONS** completing a number of hands-on STEM activities. This **FUN-FILLED** class will expose students to numerous science concepts all while having a **BLAST!!!***

Grades: 3ʳᵈ – 7ᵗʰ (please note – students will rotate through Science Stations in age-based groups)

When: Monday, December 10ᵗʰ - Pre-engineering Arduino, Pre-engineering Robotics, and Science classes will be offered during each session:

Session 1: 8:00am–10:00am   **Session 2: 10:30am–12:30pm**   **Session 3: 1:00pm–3:00pm**

Where: Barrington High School Cafeteria

Class Fee: $20 per session *Class sizes are limited and sign up is on a first-come basis.*
For students attending either 2 or 3 sessions: during the half-hour break between sessions, students will remain in the cafeteria under the supervision of volunteers. They should bring a snack/water bottle/lunch and a book or other quiet activity to engage in.
